QUIET DISCUSSION OF POLITICAL TOPICS AND CANDIDATES.

Belief Expressed That Mr. Rixey Will Be Returned to Congress-Gen-

eral and Personal.

Evening Star Bureau,

No. 701 King St., Bell Telephone No. 106, ALEXANDRIA, Va., February 8, 1902. Political matters are beginning to be quietly discussed among the democratic leaders in this, the eighth congressional district. While the democratic primary is a long time off, it is generally understood that Representative John F. Rixey of Culpeper will be a candidate for renomination. So far as is known there is no other proshe will again be chosen for the honor. He has served several consecutive terms as the representative of this district. Nothing has been said publicly up to the present about the probable nomination of a candidate for the republican party. At the last election a nominee was in the field, but Mr. Rixey was elected by a large majority.

Regard Question as Settled. The question of the retrocession of Alexandria city and county to the District of Columbia, which was recently introduced in the House of Representatives at Washington, has occasioned very little discussion in this city. It is generally regarded here that the legality of the act of Congress by which the territory in question was ceded back to the state of Virginia is settled beyond question.

Alexandria county was given back to Virginia in 1846. The act accomplishing this required that the matter be submitted to the qualified voters of the territory, and it was carried by a majority of 618. Since then the question of a return to the District has been agitated several times, but without any definite result.

The Winchester presbytery held a meetng at Winchester Thursday last, at which time the pastoral relations existing between the Rev. G. A.
